

JOURNEY CHRISTIAN CHURCH

September 2020

Where to begin? Are we thankful the summer of 2020 is soon to end? Should we anticipate things to change and be much better than the days we have recently been through? Allow me to recommend scripture for these things. A good and practical verse that reminds of that despite our surroundings and circumstances, we will exult and praise the Lord.

Habakkuk 3:17-18 says, “Though the fig tree should not blossom and there be no fruit on the vines, though the yield of the olive should fail and the fields produce no food, though the flock should be cut off from the fold and there be no cattle in the stalls, yet I will exult in the Lord, I will rejoice in the God of my salvation.”

So let us cling to and have the mindset that no matter the situation or circumstances around us, we will remain faithful and praise Him no matter what.

I want to encourage each of you to stay the course in your life by walking closer to Him now more than ever before. Read the Word, pray often, attend church, be part of Bible studies or a small group, seek to be part of a ministry and serve, ask what you can do at Journey Christian Church and will tell you. If you are doing these things now faithfully, then when circumstances and situations in the world get crazy at times, you will be able to lean on the Lord and each other.

No one knows when the Lord will return for us, so let us be found faithful starting today and each day forward. I long to hear, well done thou good and faithful steward and so should you.

Living Life... God's Way

Pastor Matt

He told them, “The harvest is plentiful, but the workers are few. Ask the Lord of the harvest, therefore, to send out workers into his harvest field. Luke 10:2

The next time you find yourself talking to someone about Jesus Christ or sharing the truths of God's Word with a stranger, don't allow the devil to tell you that you're wasting your time. You may be planting the very seed that will bring salvation to an entire group of people. And when the harvest is ready to be reaped, don't be threatened by people who join you in the reaping process of what you have sown. Harvests always require more reapers than sowers, so be thankful that one plants and others come alongside to help you reap!
